Your Help is Needed for MAEOE Meeting Monday

The Mt. Washington Green Committee is calling interested teachers to attend.

Please attend it you:

- Have information on Green Activities/Accomplishments anytime over the last two years.
- Are interested in keeping our Green School Certification.
- Are interested in the Green Culture at the school.
- Want to keep our Community Green.

Please RSVP to Tavian.Cardwell@gmail.com so I may feed you!

Recertification Meeting next **Monday, January 8, 2018**

5p.m.-6p.m. (Trying to complete at 5:30)

Upper Building Library

Our MAEOE Green Certification is ending. We are applying to recertify. The mount Washington School is a green school, by our achievements. **You are needed!** Please attend, help us to recertify and keep our green school status.

Why should our School stay green?

1. For the environment we and our kids work/exist in daily
2. A wide variety of cognitive, emotional, and behavioral benefits for students. [Recent research shows that schools that certify as Maryland Green Schools have higher test scores on average afterwards.](#)
3. Our community's future environment

Thanks,
Tavian Cardwell
